Process on Richardson Flat OU2

Kerry - Cherie is just terrific to work with. Please give her my regards and let me know how things work out. Thanks for keeping me in the loop.

Maureen:

I apologize for not getting back to you sooner. I was out of the office this week until this morning.

We have received a proposal from Cherie Chanteau-Wheeler. I also have contacted one other person to see if they would be interested. I asked this person to contact Michele Straube for additional information on the time commitment. Michele indicated that she would be willing to help any way that she could in finding a person but could not participate as she has other commitments.

I was hoping to be a little further along in the administrative process in regards to the designation of the second OU for Richardson prior to engaging the other stakeholders. We are also working with the other Richardson PRP's and would like to finish that up prior to ramping up Lower Silver Creek.

I will indeed keep you posted on the progress in finding candidates for this task.

Thanks

Kerry

Kerry - I wanted to check in with you to find out if you have been successful in finding any qualified candidates to run the needed allocation process at OU2 of Richardson Flat (formerly known at Lower Silver Creek)?

I am prepared to bring resumes to the table and help set up this needed process after the labor day holiday.

Let me know how things are going and I'll do the same.
